RE: Roslyn Road Construction Update

Dear Resident:

Unfortunately, due to delays scheduling the specialty paving fabric subcontractor, the paving operations have been postponed until next week. **On Tuesday, June 18 through Friday, June 21 please remove vehicles from the street by 7:00 AM – NO ON STREET PARKING.** Refrain from regular use of the roadway until the work day is complete.

The wedge layer and top layer of asphalt is currently scheduled for Thursday of next week. Between paving the wedge and the top layers of asphalt, the contractor will install a geosynthetic paving fabric that is meant to extend the life of the new road. However, **once the paving fabric operation begins, traffic will not be allowed on the surface of the road between Mack and Marter until the paving is completed.** Below is the current schedule, weather permitting:

- Street Preparation - Tuesday, June 18 and Wednesday, June 19
- Asphalt Wedge layer - Thursday, June 20
- Paving Fabric - Friday, June 21 (**NO ACCESS TO THE STREET ALLOWED**)
- Asphalt Top Layer - Saturday, June 22

Please remove vehicles from driveways by 7:00 a.m. on Thursday and Friday. Additionally, access to driveways and on-street parking will be unavailable starting Friday morning until Saturday evening. Parking will be available on nearby streets and will not require a permit. Once the top layer of asphalt is paved, the project will be fully complete.

As always, we apologize for any inconvenience this may create, and we appreciate your patience and understanding during construction.

GENERAL CONSIDERATIONS

Please place garbage, recycling and brush curbside by 7:00 a.m. as normal. Pickup will continue as normal until otherwise notified.

Please note, the contractor is responsible to maintain access for emergency vehicles throughout construction. However, in order to reduce the potential for incidents, the Public Safety Department has asked to please refrain from using fire pits and chimneys during construction.

If you have any concerns or special needs during construction, please contact the onsite representative from the City's Consultant Anderson, Eckstein and Westrick, Inc. (AEW). Questions regarding construction operations should be directed to the attention of AEW at (586) 726-1234. Please direct any other questions to the Department of Public Works (313) 343-2460.

Very truly yours,

CITY OF GROSSE POINTE WOODS

Jim Kowalski, Director of Public Services
