RE: Roslyn Road Construction Update

Dear Resident:

We recognize that frequent changes to the schedule and extended periods of inactivity can be very frustrating and inconvenient. Your patience is greatly appreciated as we work together to complete the project.

As always, the schedule is weather permitting, and due to the unusually high temperatures, the forecast is changing frequently and shows chances of storms throughout the forecast. With that in mind, the contractor is still planning to pave the next layer of asphalt, tomorrow, Thursday, June 20. Please remove your vehicles from your driveways by 7:00 a.m. tomorrow. Access to driveways will be available tomorrow evening.

The contractor is planning to install the paving fabric on Friday, June 21, followed by paving the top layer of asphalt on Saturday, June 22. **Once the paving fabric operation begins, traffic will need to be kept off the road between Mack and Marter until the paving is complete on Saturday.** Please remove your vehicles from the driveways by 7:00 a.m. on Friday, June 21. Overnight parking for Friday night will be available on nearby side streets. If weather cooperates, access to the road and driveways will be available on Saturday after paving and the project will be completed.

As always, we apologize for any inconvenience this may create, and we appreciate your patience and understanding during construction.

GENERAL CONSIDERATIONS

Please place garbage, recycling and brush curbside by 7:00 a.m. as normal. Pickup will continue as normal until otherwise notified.

Please note, the contractor is responsible to maintain access for emergency vehicles throughout construction. However, in order to reduce the potential for incidents, the Public Safety Department has asked to please refrain from using fire pits and chimneys during construction.

If you have any concerns or special needs during construction, please contact the onsite representative from the City's Consultant Anderson, Eckstein and Westrick, Inc. (AEW). Questions regarding construction operations should be directed to the attention of AEW at (586) 726-1234. Please direct any other questions to the Department of Public Works (313) 343-2460.

Very truly yours,

CITY OF GROSSE POINTE WOODS

Jim Kowalski, Director of Public Services
